

## Advanced Rumen Nutrition

Today's genetically superior show steers require a feed formulated to maximize their potential. Expressive growth and finish are the results of balanced nutrition and rumen stimulation. The rumen is the primary source of nourishment for a show steer. Based on our *Advanced Rumen Nutrition* program, Lyssy & Eckel Steer Feeds provide a constant supply of the nutrients necessary for maximizing the production of volatile fatty acids in the rumen. Lyssy & Eckel Steer Feeds also include  kelp.  is backed by 15 years of research that shows feeding  to cattle reduces body temperatures, stimulates growth and improves immune response.

### Advanced Rumen Nutrition Benefits:

- Maximum microbial production in the rumen
- Time released buffers to maintain a stable rumen pH
-  kelp added to:
  - Lower body temperature to reduce heat stress
  - Improve growth
  - Stimulate immune response
  - Increase dry matter intake
  - Improve hair coat
- Phase formulated to maximize growth & finish
- Multiple sources of proteins & carbohydrates
- Steam flaked corn, oats, and barley
-  Chelates
- Fortified with probiotics and yeast culture
- Added B-Vitamins to enhance appetite
- Medicated with Bovatec for improved feed efficiency

## NO. 115 SHOW CALF

BT

MEDICATED

FOR SHOW CATTLE FED IN CONFINEMENT

For improved feed efficiency in cattle fed in confinement for slaughter.

### ACTIVE DRUG INGREDIENT

Lasalocid ..... 30g/ton

### GUARANTEED ANALYSIS

Crude Protein, not less than	11.50%	Crude Fat, not less than	3.00%
Crude Fiber, not more than	13.00%	Calcium, not less than	0.70%
Calcium, not more than	0.90%	Phosphorus, not less than	0.50%
Salt, not less than	0.25%	Salt, not more than	0.35%
Potassium, not less than	0.90%	Vitamin A, not less than	6000 I.U./lb.
Vitamin E, not less than	25 I.U./lb.		

**INGREDIENTS:** Grain products, roughage products 15%, plant protein products, cane molasses, soybean oil, dicalcium phosphate, monocalcium phosphate, calcium carbonate, salt, potassium chloride, vitamin A supplement, vitamin D3 supplement, vitamin E supplement, vitamin B12 supplement, riboflavin supplement, niacin supplement, d-calcium pantothenate, menadione sodium bisulfite complex, folic acid, choline chloride, manganese sulfate, manganese amino acid complex, zinc sulfate, zinc amino acid complex, ferrous sulfate, copper sulfate, copper amino acid complex, cobalt sulfate, cobalt glucoheptonate, ethylenediamine dihydriodide, sodium selenite, live saccharomyces cerevisiae yeast, dried enterococcus faecium fermentation product, dried lactobacillus acidophilus fermentation product, dried bacillus subtilis fermentation product, aspergillus oryzae fermentation extract and artificial flavors.

**FEEDING DIRECTIONS:** Feed NO. 115 SHOW CALF continuously at a rate of 6.67 to 24.00 pounds/head/day to provide not less than 100 mg. nor more than 360 mg. Lasalocid/head/day. Always maintain a supply of fresh hay and water.

- 15% Corn
- For starting show steers and heifers
- Maximizes Growth

## NO. 125 SHOW CALF

BT

MEDICATED

FOR SHOW CATTLE FED IN CONFINEMENT

For improved feed efficiency in cattle fed in confinement for slaughter.

### ACTIVE DRUG INGREDIENT

Lasalocid ..... 30g/ton

### GUARANTEED ANALYSIS

Crude Protein, not less than	11.50%	Crude Fat, not less than	3.00%
Crude Fiber, not more than	12.00%	Calcium, not less than	0.70%
Calcium, not more than	0.90%	Phosphorus, not less than	0.50%
Salt, not less than	0.25%	Salt, not more than	0.35%
Potassium, not less than	0.90%	Vitamin A, not less than	6000 I.U./lb.
Vitamin E, not less than	25 I.U./lb.		

**INGREDIENTS:** Grain products, roughage products 15%, plant protein products, cane molasses, soybean oil, dicalcium phosphate, monocalcium phosphate, calcium carbonate, salt, potassium chloride, vitamin A supplement, vitamin D3 supplement, vitamin E supplement, vitamin B12 supplement, riboflavin supplement, niacin supplement, d-calcium pantothenate, menadione sodium bisulfite complex, folic acid, choline chloride, manganese sulfate, manganese amino acid complex, zinc sulfate, zinc amino acid complex, ferrous sulfate, copper sulfate, copper amino acid complex, cobalt sulfate, cobalt glucoheptonate, ethylenediamine dihydriodide, sodium selenite, live saccharomyces cerevisiae yeast, dried enterococcus faecium fermentation product, dried lactobacillus acidophilus fermentation product, dried bacillus subtilis fermentation product, aspergillus oryzae fermentation product and artificial flavors.

**FEEDING DIRECTIONS:** Feed NO. 125 SHOW CALF continuously at a rate of 6.67 to 24.00 pounds/head/day to provide not less than 100 mg. nor more than 360 mg. Lasalocid/head/day. Always maintain a supply of fresh hay and water.

- 25% Corn
- For Starting Show Steers and Heifers

## NO. 135 SHOW CALF

BT

MEDICATED

FOR SHOW CATTLE FED IN CONFINEMENT

For improved feed efficiency in cattle fed in confinement for slaughter.

### ACTIVE DRUG INGREDIENT

Lasalocid ..... 30g/ton

### GUARANTEED ANALYSIS

Crude Protein, not less than	11.50%	Crude Fat, not less than	3.50%
Crude Fiber, not more than	11.00%	Calcium, not less than	0.70%
Calcium, not more than	0.90%	Phosphorus, not less than	0.50%
Salt, not less than	0.50%	Salt, not more than	0.70%
Potassium, not less than	0.90%	Vitamin A, not less than	6000 I.U./lb.
Vitamin E, not less than	25 I.U./lb.		

**INGREDIENTS:** Grain products, roughage products 13%, plant protein products, cane molasses, soybean oil, dicalcium phosphate, monocalcium phosphate, calcium carbonate, salt, potassium chloride, dried marine algae, vitamin A supplement, vitamin D3 supplement, vitamin E supplement, vitamin B12 supplement, riboflavin supplement, niacin supplement, d-calcium pantothenate, menadione sodium bisulfite complex, folic acid, choline chloride, manganese sulfate, manganese amino acid complex, zinc sulfate, zinc amino acid complex, ferrous sulfate, copper sulfate, copper amino acid complex, cobalt sulfate, cobalt glucoheptonate, ethylenediamine dihydriodide, sodium selenite, live saccharomyces cerevisiae yeast, dried enterococcus faecium fermentation product, dried lactobacillus acidophilus fermentation product, dried bacillus subtilis fermentation product, aspergillus oryzae fermentation product and artificial flavors.

**FEEDING DIRECTIONS:** Feed NO. 135 SHOW CALF continuously at a rate of 6.67 to 24.00 pounds/head/day to provide not less than 100 mg. nor more than 360 mg. Lasalocid/head/day. Always maintain a supply of fresh hay and water.

- 35% Corn
- For Developing Show Steers

## NO. 150 SHOW CALF

BT

MEDICATED

FOR SHOW CATTLE FED IN CONFINEMENT

For improved feed efficiency in cattle fed in confinement for slaughter.

### ACTIVE DRUG INGREDIENT

Lasalocid ..... 30g/ton

### GUARANTEED ANALYSIS

Crude Protein, not less than	11.50%	Crude Fat, not less than	3.00%
Crude Fiber, not more than	9.00%	Calcium, not less than	0.70%
Calcium, not more than	0.90%	Phosphorus, not less than	0.50%
Salt, not less than	0.25%	Salt, not more than	0.35%
Potassium, not less than	0.90%	Vitamin A, not less than	6000 I.U./lb.
Vitamin E, not less than	25 I.U./lb.		

**INGREDIENTS:** Grain products, roughage products 11%, plant protein products, cane molasses, soybean oil, dicalcium phosphate, monocalcium phosphate, calcium carbonate, salt, potassium chloride, vitamin A supplement, vitamin D3 supplement, vitamin E supplement, vitamin B12 supplement, riboflavin supplement, niacin supplement, d-calcium pantothenate, menadione sodium bisulfite complex, folic acid, choline chloride, manganese sulfate, manganese amino acid complex, zinc sulfate, zinc amino acid complex, ferrous sulfate, copper sulfate, copper amino acid complex, cobalt sulfate, cobalt glucoheptonate, ethylenediamine dihydriodide, sodium selenite, live saccharomyces cerevisiae yeast, dried enterococcus faecium fermentation product, dried lactobacillus acidophilus fermentation product, dried bacillus subtilis fermentation product, aspergillus oryzae fermentation product and artificial flavors.

**FEEDING DIRECTIONS:** Feed NO. 150 SHOW CALF continuously at a rate of 6.67 to 24.00 pounds/head/day to provide not less than 100 mg. nor more than 360 mg. Lasalocid/head/day. Always maintain a supply of fresh hay and water.

- 50% Corn
- For Developing and Finishing Show Steers

## NO. 160 SHOW CALF

BT

MEDICATED

FOR SHOW CATTLE FED IN CONFINEMENT

For improved feed efficiency in cattle fed in confinement for slaughter.

### ACTIVE DRUG INGREDIENT

Lasalocid ..... 30g/ton

### GUARANTEED ANALYSIS

Crude Protein, not less than	11.50%	Crude Fat, not less than	3.00%
Crude Fiber, not more than	8.00%	Calcium, not less than	0.70%
Calcium, not more than	0.90%	Phosphorus, not less than	0.50%
Salt, not less than	0.25%	Salt, not more than	0.35%
Potassium, not less than	0.90%	Vitamin A, not less than	6000 I.U./lb.
Vitamin E, not less than	25 I.U./lb.		

**INGREDIENTS:** Grain products, roughage products 10%, plant protein products, cane molasses, soybean oil, dicalcium phosphate, monocalcium phosphate, calcium carbonate, salt, potassium chloride, vitamin A supplement, vitamin D3 supplement, vitamin E supplement, vitamin B12 supplement, riboflavin supplement, niacin supplement, d-calcium pantothenate, menadione sodium bisulfite complex, folic acid, choline chloride, manganese sulfate, manganese amino acid complex, zinc sulfate, zinc amino acid complex, ferrous sulfate, copper sulfate, copper amino acid complex, cobalt sulfate, cobalt glucoheptonate, ethylenediamine dihydriodide, sodium selenite, live saccharomyces cerevisiae yeast, dried enterococcus faecium fermentation product, dried lactobacillus acidophilus fermentation product, dried bacillus subtilis fermentation product, aspergillus oryzae fermentation product and artificial flavors.

**FEEDING DIRECTIONS:** Feed NO. 160 SHOW CALF continuously at a rate of 6.67 to 24.00 pounds/head/day to provide not less than 100 mg. nor more than 360 mg. Lasalocid/head/day. Always maintain a supply of fresh hay and water.

- 60% Corn
- For Finishing Show Steers Prior to Show

## ACCELERATOR

A BY-PASS ENERGY SUPPLEMENT FOR RUMINANTS

### GUARANTEED ANALYSIS

Crude Fat, not less than	95.00%
Total Fatty Acids, not less than	90.00%
Unsaponifiable Matter, not more than	5.00%
Insoluble Impurities, not more than	3.00%
Free Fatty Acids, not more than	90.00%
Moisture, not more than	1.00%

**INGREDIENTS:** Soybean oil, corn syrup, natural and artificial flavors.

**FEEDING DIRECTIONS:** Feed ACCELERATOR as a top dress to ruminants being fitted for show. It is recommended ACCELERATOR be a part of a properly balanced diet. Feed ACCELERATOR at the following rates:

CATTLE: 50 lb. To 1.00 lb. per day

SHEEP: 10 lb. To 25 lb. per day

GOATS: 10 lb. To 25 lb. per day

ADDED NOTE: As with any new energy supplement, a gradual introduction to ACCELERATOR is recommended.

- Palatable
- 100% By-Pass Fat
- No Rumen Impact
- For Quick, Smooth Finish
